

A Program of
Nevada Rural
Housing Authority

Monthly Home At Last™ Lender Training Webinar

Learn how you can help your homebuyer get up to a 5% down payment grant they don't have to repay, and receive a \$2000 tax credit each year. The \$2000 credit can be used as extra income, which means your homebuyer can qualify for a larger loan OR you can use it to lower

DTI. That's right ... you can help homebuyers that other lenders may not be able to. We will also discuss all our latest & greatest changes, so this is a great refresher course if you have already received our training.

Online Webinar Thursday, February 9th 1:00pm to 2:00pm

To sign up, register at:
