FHA Forbearance After Closing: For Endorsements submitted on or after June 15, 2020.

Due to the current economic disruption and market uncertainty associated with the COVID-19 event, U.S. Bank will continue to update temporary guidelines with changes and clarifications.

FHA has published [ML 2020-16](#), announcing that they will accept for insurance mortgages with borrowers who request forbearance following closing and prior to endorsement.

FHA - Forbearance After Closing:

For FHA loans where the borrower requested forbearance after closing and prior to endorsement, FHA will require a 2-Year Partial Indemnification Agreement for the loan to be eligible for insurance. FHA will require lenders to execute a special COVID-19 two-year indemnification agreement. Under the terms of this special indemnification agreement, the lender will be obligated for losses in cases where the borrower fails to make at least 2 payments over the course of the first two years (2 years from endorsement).

FHA 2-Year Indemnification Agreement:

U.S. Bank's Servicing Department will honor a COVID-19 forbearance request from a borrower when received even if the loan has not yet been endorsed for FHA insurance. The faster that the lender can get the loan endorsed after closing reduces the likelihood of the FHA 2-Year Partial Indemnification Agreement being required.

U.S. Bank requires that all government loans purchased are eligible for FHA insurance.

- U.S. Bank will not purchase or originate any loan that is currently in deferment or forbearance of their mortgage payment.
- Loans purchased by U.S. Bank that are uninsurable are subject to repurchase by the lender.
- Loans that require the 2-Year Partial Indemnification Agreement indemnification are also subject to repurchase if the lender does not enter into the indemnification agreement with FHA and the loan is not subsequently insured.

Note: FHA and other Government Agencies (VA, RD) have not yet provided updated guidance on how to handle borrowers who have an existing loan in a COVID-19 related forbearance and who are applying for a refinance or purchase loan, like the Conventional Agencies have done (Fannie and Freddie).

Therefore, until further guidance, Lenders must follow the existing government rules based on mortgage payment history requirements and treat loans in forbearance as delinquent loans if any payment was forborne. Underwriters must determine if the borrower is in forbearance and current on their all existing mortgages and meet all government payment history requirements before final approving the new loan.
