INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners Nevada Rural Housing Authority Carson City, Nevada

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of the Nevada Rural Housing Authority, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the Nevada Rural Housing Authority, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4-9, the Schedule of Proportionate Share of Net Pension Liability on page 40, and the Schedule of Pension Plan Contributions on page 41 be presented to supplement the

basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Nevada Rural Housing Authority's basic financial statements. The Schedule of Expenditures of Federal Awards on page 44 is required by the title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards, and the accompanying Unaudited Financial Data Schedule on pages 46-53, required by the U.S. Department of Housing and Urban Development, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards and Unaudited Financial Data Schedule are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and Financial Data Schedule are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated February 4, 2021, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Authority's internal control over financial reporting compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Nevada Rural Housing Authority, we offer readers of the Authority's financial statements this narrative, overview and analysis of the financial activities of Nevada Rural Housing Authority for the fiscal year ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with Nevada Rural Housing Authority's financial statements as presented in this report.

The Nevada Rural Housing Authority (the Authority) is a Public Housing Authority as defined in Section 8 of the United States Housing Act of 1937, as amended and a public body corporate and politic established pursuant to the Nevada Revised Statute 616. The Authority was organized in 1973 under the laws of the State of Nevada to primarily provide housing assistance to low and moderate-income families and individuals.

The Nevada Rural Housing Authority predominantly provides rental housing assistance to homeless, as well as low income families and individuals. The Authority also facilitates single family mortgage financing with down payment assistance and administers a Mortgage Credit Certificate program funded through Private Activity Bond Cap. In addition, the Authority acquires, develops and owns low income multifamily housing in rural areas of Nevada to promote, provide and preserve affordable housing across the State. Primary funding is as follows:

- Acquisition, development and rehabilitation of multifamily housing units has been funded mostly through federal tax credit partnerships that the Authority participates in
- Governmental grants received from the U.S. Department of Housing and Urban Development (HUD) and the U.S. Department of Agriculture (USDA) Rural Development
- Developer and management fees
- Fees generated through its mortgage programs
- Rent collections from its owned or administered multifamily housing units.
- Other programs supporting Nevada's rural low-income housing needs through Weatherization grant services and Continuum of Care program

The following management discussion and analysis (MD&A) will discuss the results of the Authority's operations. Key financial information for the current fiscal year will be compared with those of the prior year.

Financial Highlights

- The assets and deferred outflows of resources of the Authority exceeded its liabilities and deferred inflows of resources, resulting in a Net Position of \$15,509,182 at the close of fiscal year 2020 as opposed to \$11,499,258 for fiscal year 2019.
- Total assets at June 30, 2020 were \$21,485,242. Of this, \$7,316,338 represents current assets, and \$14,168,904 represents non-current assets. Total assets at June 30, 2020 increased by \$2,998,587 from the June 30, 2019 balance of \$18,486,655.

- Net capital assets for the fiscal year 2020 decreased by \$1,116,115 from \$7,978,598 at June 30, 2019 to \$6,862,483 at June 30, 2020 primarily due to sale of Pinion Apartments. Capital assets are reflected at cost, less accumulated depreciation for all capital assets.
- At June 30, 2020 there was \$1,436,632 of deferred outflows of resources compared to \$1,419,101 at June 30, 2019. See detail discussed in Note 6 and Note 7 of the financial statements.
- Total liabilities at June 30, 2020 were \$6,995,655. Of this, \$978,388 represents current liabilities, and \$6,017,267 represents non-current liabilities. Total liabilities at June 30, 2020 decreased by \$1,108,762 from the June 30, 2019 balance of \$8,104,417. This is primarily due to reduced debt from the sale of Pinion Apartments.
- At June 30, 2020, there was \$417,037 of deferred inflows of resources compared to \$302,081 at June 30, 2019. As discussed in Note 7 of the financial statements, differences between projected and actual investments earnings and expected and actual experience accounted for the variance.
- As of June 30, 2020, the Authority's Unrestricted Net Position was \$9,163,220, its Restricted Net Position was \$918,911, and its Net Investment in Capital Assets was \$5,427,051. This represents a total Net Position at June 30, 2020 of \$15,509,182 compared to a total Net Position at June 30, 2019 of \$11,499,258.
- The primary source of revenues for the Authority for the fiscal year ended June 30, 2020 were grants from federal agencies. Grant revenues for the fiscal year 2020 were \$14,078,017 versus \$12,774,530 for fiscal year 2019.
- Operating revenues for the Authority for the 2020 fiscal year were \$21,540,691 and operating expenses were \$19,291,082. Operating revenues and expenses for the fiscal year 2019 were \$17,164,659 and \$17,335,064, respectively.
- The major program expenditure, as reflected on the Statement of Revenues, Expenses, and Changes in Net Position, was for housing assistance payments. There was \$10,485,675 of housing assistance payment expenses for fiscal year 2020. This represents an increase of \$334,510 of the amount for fiscal year 2019 of \$10,151,165.
- Expenditures of Federal Awards amounted to \$14,886,461 for 2020 for a decrease of \$771,390 from the prior fiscal year's expenditures of \$15,657,851.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements, which are comprised of a Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, Statement of Cash Flows and Notes to the Financial Statements.

Government-Wide Financial Statements

The Statement of Net Position presents information on the Authority's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating. The Statement of Revenues, Expenses, and Changes in Net Position presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The Statement of Cash Flows presents the change in the Housing Authority's cash and cash equivalents during the most recent fiscal year.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Some programs are required to be established by the United States Department of Housing and Urban Development (HUD). However, the Authority also administers other programs to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using grants and other moneys. All of the funds of the Authority are classified as an enterprise housing fund as a result of *Government Accounting Standards Board* No. 34.

Enterprise funds account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. They are reported using the full accrual method of accounting in which all assets and all liabilities associated with the operation of these funds are included on the Statement of Net Position. The focus of enterprise funds is on income measurement, which together with the maintenance of equity, is an important financial indication.

Notes to the Basic Financial Statements

The Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the fund financial statements.

Supplementary Information

The Schedule of Funding Progress for OPEB, the Schedule of the Authority's Proportionate Share of Net Pension Liability, the Schedule of the Authority's Pension Plan Contributions, the Schedule of Expenditures of Federal Awards and the Financial Data Schedule are presented for purposes of additional analysis as required by the title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards, the Governmental Accounting Standards Board Statements (GASB), and the U.S. Department of Housing and Urban Development. These schedules can be found in the supplementary information sections of this report.

Financial Analysis

As we noted earlier, the Authority uses funds to help it control and manage money for particular purposes. A portion of the Authority's net assets reflect the investment in capital assets (e.g. land, buildings and improvements, furniture, equipment and machinery). The Authority uses these capital assets to provide services to clients; consequently, these assets are not available for future spending.

Economic Factors

The Housing Authority is primarily dependent upon HUD for the funding of operations. Therefore, the Housing Authority is affected more by the federal budget than by state or local economic conditions. Changes in HUD grants affect the number of households that can be assisted under these federally funded programs on an ongoing basis.

Budgetary Highlights

An agency-wide budget was prepared for the fiscal year ended June 30, 2020. The budget was primarily used as a management tool. Budgets are prepared in accordance with the accounting procedures prescribed by the applicable funding agency and revised during the year as appropriate.

Comparative Statement of Net Position

The following table reflects the Statement of Net Position at June 30, 2020 compared to prior year. The Authority is engaged only in Business-Type Activities:

Comparative Statement of Net Position June 30, 2020

Net Position, End of Year	<u>\$ 15,509,183</u>	<u>\$ 11,499,258</u>	\$ 4,009,925	34.87%

Analysis of the Authority's Overall Financial Position and Results of Operations:

As indicated in the above comparative statements the Authority's net position at June 30, 2020 increased by \$3,732,708.

Changes in Capital Assets

Capital assets (net of accumulated depreciation) are presented below illustrating changes from prior year:

Changes in Capital Assets (Net of Accumulated Depreciation)

	 2020	 2019	 Increase/ Decrease	Percentage Change
Land Buildings and Improvements Equipment	\$ 3,047,167 3,705,896 109,420	\$ 2,384,469 5,444,800 149,329	\$ 662,698 (1,738,904) (39,909)	27.79% (31.94)% (26.73)%
Total	\$ 6,862,483	\$ 7,978,598	\$ (1,116,115)	(13.99)%

The Authority's capital assets as of June 30, 2020 were \$6,862,483 (net of accumulated depreciation). During the fiscal year 2020 the Authority's net capital assets decreased \$(1,116,115) or 13.99%. Land increased due to land donated to the Authority. Buildings, Improvements and Equipment decreased due to the sale of Pinion Apartments. Additional information pertaining to the Authority's capital assets as of June 30, 2020 is presented in Note 3 to the Financial Statements.

Changes in Mortgage Debt

Mortgage debt is presented below to illustrate changes from the prior year:

	2020	2019	Increase/ (Decrease)	Percentage Change
Notes payable	\$ 1,485,431	\$ 3,146,333	\$ (1,660,902)	(52.79)%
Total	<u>\$ 1,485,431</u>	\$ 3,146,333	\$ (1,660,902)	(52.79)%

At June 30, 2020, the Authority had long-term debt outstanding of \$1,485,431. During the fiscal year, long-term debt decreased by \$1,660,902 or 52.79% primarily due to the sale of Pinion Apartments. Additional information pertaining to the Authority's long-term debt as of June 30, 2020 is presented in Note 5 in the "Notes to the Financial Statements".

Requests for information

This financial report is designed to provide citizens, taxpayers, and creditors with a general overview of the Authority's finances and to show the Authority's accountability for the money it receives. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to the Director of Finance at 3695 Desatoya Drive, Carson City, Nevada 89701.

The accompanying notes are an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Nevada Rural Housing Authority (the Authority) conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities. The following is a summary of the more significant policies.

A. Definition of Reporting Entity

The Nevada Rural Housing Authority (the Authority) was established during 1973 by Nevada Revised Statute 616 and updated by Nevada Revised Statute 315. The Authority is governed by a five-member Board of Commissioners appointed to four-year terms. The Authority was organized to promote the health and safety of the residents of the State of Nevada and to develop more desirable neighborhoods and alleviate poverty in the counties, cities, and towns of the state by making provisions for decent, safe and sanitary low-rent housing facilities for persons of low and moderate income. Since being established, the Authority has not only administered a Section 8 (Housing Choice Voucher) program and other grants, but also introduced single family bond programs and acted as sponsor and developer to several affordable multifamily housing projects across rural Nevada.

The Authority has implemented the provisions of the Governmental Accounting Standards Board, codified in GASB section 2100, "Defining the Government Reporting". For financial reporting purposes, the Authority's financial statements include all funds over and other organizations over which Authority officials exercise oversight responsibility. Oversight responsibility includes such duties as appointment of governing body members, budget review, approval of tax levies, responsibility for outstanding debt secured by the Authority's full faith and credit, or revenues, and the responsibility for funding deficits.

Discretely Presented Component Unit

Nevada Rural Housing Inc. (NRHI) is a non-profit 501(c)3 that fills a role on behalf of the Authority when such a non-profit is needed. NRHI does not undertake business that is not in the interest of or which is not supported by the Authority. The Authority serves as the Developer for all Low Income Housing Tax Credit projects in which NRHI is the Managing Member of the tax credit entities' Managing Member. There is one board member in common between the two entities. The Authority is contracted by NRHI to provide administration and technical services necessary to handle its daily business affairs.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e. the statement of net position; the statement of revenues, expenses, and changes in net position; and the statement of cash flows) report the financial information of the Authority's operations as a whole.

For financial reporting purposes, the Authority reports all of its operations as a single business type activity in a single enterprise housing fund. Therefore, for the Authority the government-wide and fund financial statements are the same. These basic financial statements are presented in accordance with the standards established by the Governmental Accounting Standards Board (GASB).

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The financial statements and the Schedule of Expenditures of Federal Awards are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when related cash flows take place. Nonexchange transactions are those in which the Authority receives value without directly giving equal value in exchange. These transactions include revenues from federal, state, and local assistance programs. Revenues from these sources are recognized in the fiscal year in which all eligibility requirements have been met.

The Authority applies all applicable Financial Accounting Standards Board (FASB) pronouncements issued before December 30, 1989 in accounting and reporting for its proprietary operations and it has implemented in fiscal year 2016 GASB Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-December 30, 1989 FASB and AICPA Pronouncements for FASB Pronouncements after December 30, 1989.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* activities. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority's enterprise housing fund are grants from federal funding agencies for housing assistance payments earned, fees generated through its mortgage programs, administrative and developer fees, and rental income from its owned housing units. Operating expenses include employee services and supplies, administrative expenses, management fees, utilities, housing assistance payments to landlords, and depreciation of its capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Position

1. Cash and Investments

Cash

For purposes of the accompanying statement of cash flows, the Authority considers all of their cash, including restricted cash, to be cash and equivalents. The Authority considers all of their investments to be highly liquid and, therefore, to be cash equivalents.

Cash and cash equivalents include amounts in demand deposits, certificates of deposit, money market accounts, and savings accounts. All of the Authority's investments can be converted to cash in a relatively short amount of time and are therefore presented in the Statement of Cash Flows.

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments

Investments are carried at fair value. Fair value is based on quoted market price, if applicable, otherwise the fair value hierarchy is as follows.

Level 1 – Values are unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.

Level 2 – Inputs – other than quoted prices – included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Certain inputs are unobservable inputs (supported by little or no market activity), such as the Authority's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

Additional cash and investment disclosures are presented in Note 2. All of the Authority's investments are considered Level 1.

2. Restricted Assets

Restricted cash, cash equivalents, and investments, represent deposits that are used for replacement reserves, security deposit payable amounts to tenants, amounts that are required by grants from HUD to be used only to provide housing assistance for individuals and families that meet various income, age, and employment standards.

3. Receivables

All receivables are reported at their gross value and are reduced by an allowance for doubtful accounts if such an amount is considered applicable.

4. Prepaid expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items the financial statements.

5. Capital Assets

Capital assets which include land, buildings, improvements, and furniture and equipment, are reported at historical cost. Contributed capital assets are recorded at fair value at the time received. Interest expense during any development periods is capitalized.

Maintenance, minor repairs and replacements are recorded as expenses; extraordinary replacements of property resulting in property betterments are charged to the property accounts.

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

5. Capital Assets (continued)

Depreciation is charged to operations using the straight-line method based on the estimated useful life of the related asset. The estimated useful lives of the various asset categories are as follows:

Buildings 19-40 years Improvements 15 years Furniture and Equipment 5 years

6. Compensated Absences

It is the Authority's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation pay is accrued when incurred. A portion of unused sick leave is only payable to employees who have over 10 years of service upon termination of their employment.

7. Taxes

The Authority is exempt from federal income taxes. The Authority is also exempt from property taxes but makes payments in lieu of taxes on some of its owned housing units.

8. Net Position

Net position represents the differences between assets and liabilities. Net position consists of investment in capital assets, net of related debt; restricted net position; and unrestricted net position. Net position invested in capital assets, net of related debt, consists of capital assets, net of depreciation, reduced by the outstanding balances of borrowings used for the construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

9. Deferred Outflows/Inflows of Resources

In addition to assets and liabilities, the Statement of Net Position includes separate sections for deferred outflows and inflows of resources. These separate sections represent a consumption or acquisition of net position that applies to future periods and will not be recognized as outflows (revenues) or inflows (expenses) until that time.

10. Pensions

For purposes of measuring the net pension liability (NPL) and deferred outflows/inflows of resources related to pensions, pension expense, information about the fiduciary net position (FNP) of the Authority's Public Employees' Retirement System (PERS) Plans and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by Nevada PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

11. Operating Revenues and Expenses

Operating revenues are those revenues that are generated from the primary operations of the Authority. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the Authority. All other expenses are reported as nonoperating expenses.

E. Estimates

Management of the Authority has made certain estimates and assumptions relating to the reporting of assets and liabilities and revenues and expenses to prepare the financial statements. Actual results may differ from those estimates.

F. New GASB Pronouncements

Implemented New GASB Pronouncements

GASB Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance. — The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later.

The effective dates of certain provisions contained in the following pronouncements are postponed by one year:

- Statement No. 83, Certain Asset Retirement Obligations (implemented in FY 2019)
- Statement No. 84, Fiduciary Activities
- Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements (implemented in FY 2019)
- Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period
- Statement No. 90, Majority Equity Interests
- Statement No. 91, Conduit Debt Obligations
- Statement No. 92, Omnibus 2020
- Statement No. 93, Replacement of Interbank Offered Rates

The effective dates of the following pronouncements are postponed by 18 months:

• Statement No. 87, Leases

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Upcoming New GASB Pronouncements

GASB Statement No. 84, *Fiduciary Activities*. - The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.

This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The requirements of this Statement are effective for the financial statements for periods beginning after December 15, 2019 (fiscal 2021). Earlier application is encouraged. The Authority doesn't believe this statement will have a significant impact on the Authority's financial statements.

GASB Statement No. 87, Leases. - The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments.

This Statement will increase the usefulness of governments' financial statements by requiring reporting of certain lease liabilities that currently are not reported. It will enhance comparability of financial statements among governments by requiring lessees and lessors to report leases under a single model.

This Statement also will enhance the decision-usefulness of the information provided to financial statement users by requiring notes to financial statements related to the timing, significance, and purpose of a government's leasing arrangements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021 (fiscal 2023). Earlier application is encouraged.

GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period. - The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period.

The requirements of this Statement will improve financial reporting by providing users of financial statements with more relevant information about capital assets and the cost of borrowing for a reporting period. The resulting information also will enhance the comparability of information about capital assets and the cost of borrowing for a reporting period for both governmental activities and business-type activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020 (fiscal 2022). Earlier application is encouraged. The requirements of this Statement should be applied prospectively.

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

GASB Statement No. 90, Majority Equity Interests—an amendment of GASB Statements No. 14 and No. 61. - The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. The requirements of this Statement will improve financial reporting by providing users of financial statements with essential information related to presentation of majority equity interests in legally separate organizations that previously was reported inconsistently. In addition, requiring reporting of information about component units if the government acquires a 100 percent equity interest provides information about the cost of services to be provided by the component unit in relation to the consideration provided to acquire the component unit.

The requirements of this Statement are effective for reporting periods beginning after December 15, 2019 (fiscal 2021). Earlier application is encouraged. The requirements should be applied retroactively, except for the provisions related to (1) reporting a majority equity interest in a component unit and (2) reporting a component unit if the government acquires a 100 percent equity interest. Those provisions should be applied on a prospective basis.

GASB Statement No. 91, *Conduit Debt Obligations.* - The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures.

The requirements of this Statement will improve financial reporting by eliminating the existing option for issuers to report conduit debt obligations as their own liabilities, thereby ending significant diversity in practice. The clarified definition will resolve stakeholders' uncertainty as to whether a given financing is, in fact, a conduit debt obligation. Requiring issuers to recognize liabilities associated with additional commitments extended by issuers and to recognize assets and deferred inflows of resources related to certain arrangements associated with conduit debt obligations also will eliminate diversity, thereby improving comparability in reporting by issuers. Revised disclosure requirements will provide financial statement users with better information regarding the commitments issuers extend and the likelihood that they will fulfill those commitments. That information will inform users of the potential impact of such commitments on the financial resources of issuers and help users assess issuers' roles in conduit debt obligations.

The requirements of this Statement are effective for reporting periods beginning after December 15, 2021 (fiscal 2023). Earlier application is encouraged. The Authority does not believe this statement will have a significant impact on the Authority's financial statements.

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

GASB Statement No. 92, Omnibus 2020. - The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics and includes specific provisions. The topics include but are not limited to leases, intra-entity transfers between a primary government and a post-employment benefit plan component unit, accounting for pensions and OPEB related assets, measurement of liabilities related to asset retirement obligations, and nonrecurring fair value measurements of assets or liabilities.

The requirements of this Statement are effective for reporting periods beginning after June 15, 2021 (fiscal 2022).

GASB Statement No. 93, Replacement of Interbank Offered Rates. - The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an Interbank Offer Rate (IBOR). This Statement achieves that objective by:

- Providing exceptions for certain hedging derivative instruments to the hedge accounting termination provisions when an IBOR is replaced as the reference rate of the hedging derivative instrument's variable payment
- Clarifying the hedge accounting termination provisions when a hedged item is amended to replace the reference rate
- Clarifying that the uncertainty related to the continued availability of IBORs does not, by itself, affect the assessment of whether the occurrence of a hedged transaction is probable
- Removing LIBOR as an appropriate benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap
- Identifying a Secured Overnight Financing Rate and the Effective Federal Funds Rate as appropriate benchmark interest rates for the qualitative evaluation of the effectiveness of an interest rate swap.
- Clarifying the definition of *reference rate*, as it is used in Statement 53, as amended.

The removal of London IBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2021 (fiscal year 2022-23). All other requirements of this Statement are effective for reporting periods beginning after June 15, 2020 (fiscal year 2020-21). The Authority does not believe that the implementation of this Pronouncement will have an impact on the financial statements.

GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements. - The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction.

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The requirements of this Statement will improve financial reporting by establishing the definitions of PPPs and APAs and providing uniform guidance on accounting and financial reporting for transactions that meet those definitions. That uniform guidance will provide more relevant and reliable information for financial statement users and create greater consistency in practice. This Statement will enhance the decision usefulness of a government's financial statements by requiring governments to report assets and liabilities related to PPPs consistently and disclose important information about PPP transactions. The required disclosures will allow users to understand the scale and important aspects of a government's PPPs and evaluate a government's future obligations and assets resulting from PPP.

PPPs should be recognized and measured using the facts and circumstances that exist at the beginning of the period of implementation (or if applicable to earlier periods, the beginning of the earliest period restated).

The requirements of this Statement are effective for fiscal years beginning after June 15, 2022 (fiscal year 2022-23), and all reporting periods thereafter. The Authority has not yet determined whether the implementation of this Pronouncement will have a material impact on the financial statements.

GASB Statement No. 96, Subscription-Based Information Technology Arrangements. - This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended.

The requirements of this Statement will improve financial reporting by establishing a definition for SBITAs and providing uniform guidance for accounting and financial reporting for transactions that meet that definition. That definition and uniform guidance will result in greater consistency in practice. Establishing the capitalization criteria for implementation costs also will reduce diversity and improve comparability in financial reporting by governments. This Statement also will enhance the relevance and reliability of a government's financial statements by requiring a government to report a subscription asset and subscription liability for a SBITA and to disclose essential information about the arrangement. The disclosures will allow users to understand the scale and important aspects of a government's SBITA activities and evaluate a government's obligations and assets resulting from SBITAs.

The requirements of this Statement are effective for fiscal years beginning after June 15, 2022 (fiscal year 2022-23), and all reporting periods thereafter. The Authority has not yet determined whether the implementation of this Pronouncement will have a material impact on the financial statements.

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32. - The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans.

The requirements of this Statement that are related to the accounting and financial reporting for Section 457 plans are effective for fiscal years beginning after June 15, 2021 (fiscal year 2021-22). For purposes of determining whether a primary government is financially accountable for a potential component unit, the requirements of this Statement that provide that for all other arrangements, the absence of a governing board be treated the same as the appointment of a voting majority of a governing board if the primary government performs the duties that a governing board typically would perform, are effective for reporting periods beginning after June 15, 2021 (fiscal year 2021-22).

G. Budgets and Budgetary Accounting

Each year the Authority's Board of Commissioners adopts an operating budget. This budget may be revised during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of the adoption of the annual budget.

Note 2 - CASH AND INVESTMENTS

Cash and investments as of June 30, 2020, are classified in the accompanying financial statements as follows:

	<u>NRHA</u>		NRHI
Unrestricted cash and investments	\$ 3,974,329	\$	299,374
Restricted cash	918,911		
Total cash and investments	\$ 4,893,240	<u>\$</u>	299,374

Note 2 - CASH AND INVESTMENTS (continued)

Combined unrestricted and restricted cash and investments as of June 30, 2020, consist of the following:

	 NRHA		NRHI
Checking and savings deposits with financial institutions	\$ 964,627	\$	299,374
Guaranteed fixed annuity contracts	547,472		-
Money market accounts	2,373,321		-
Mortgage backed securities	1,007,570	-	
Petty cash on hand	 250		<u>-</u>
Total cash and investments	\$ 4,893,240	\$	299,374

Interest Rate Risk – Interest rate risk is the risk of possible reduction in the value of a security, especially a bond, resulting from the rise in interest rates. To limit exposure to interest rate risk, the Nevada Revised Statutes limits banker's acceptances to 180 days maturities, repurchase agreements to 90 days, U.S. Treasuries and Agencies to less than 10 years, and commercial paper to 270 days maturity. At June 30, 2020, the Authority was not invested in any of these investments.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation and is a function of the credit quality ratings of its investments. In accordance with the Nevada Revised Statutes, the Authority limits its investment instruments by their credit risk. The Authority's investment in VALIC Guaranteed Fixed Deferred Annuity Contracts is rated by nationally recognized statistical rating organizations as "A".

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank or brokerage failure, the Authority's deposits may not be returned. The Authority's bank deposits are either covered by FDIC insurance or are collateralized. At June 30, 2020, \$3,677,790 of the Authority's cash and investments were over the FDIC insurance limit.

Note 3 - MORTGAGE LOAN RECEIVABLE

The Authority has issued mortgage loans to assist in the construction of affordable housing. The notes are due at various times ranging from 2047 through 2063.

	June 30, 2019	Additions	<u>Deletions</u>	June 30, 2020
Mortgage Notes Receivable	\$ 4,717,333	\$ 2,473,859	\$ (99,642)	\$ 7,091,550

Note 4 - CAPITAL ASSETS

The following is a summary of the Authority's changes in capital assets for the fiscal year ended June 30, 2020:

	Balance July 1, 2019	Additions	Deletions	Balance June 30, 2020
Land Buildings and	\$ 2,384,469	\$ 750,000	\$ (87,302)	\$ 3,047,167
improvements Furniture and	8,142,877	125,955	(1,854,572)	6,364,260

	<u>\$ 1,485,431</u>	<u>\$ (163,640)</u>	<u>\$ 1,321,791</u>	

Nevada Rural Housing Inc. (NRHI) entered into a deferred loan agreement due on April 12, 2027, in the amount of \$111,530 with an annual interest rate of 1.00%. The loan is being deferred for the period of affordability and repayment of the loan including principal and interest will be forgiven at the end of the period of affordability as long as the project meets all HUD HOME program requirements.

Note 6 - COMPENSATED ABSENCES

It is the Authority's policy to permit employees to accumulate earned but unused vacation leave. This leave will be used in future periods or paid to employees upon separation from the Authority. Employees also are entitled to receive unused sick leave at separation of service up to a maximum of \$8,000 based upon the number of years of service, after being with the Authority ten years or more. At June 30, 2020 accrued vacation and sick leave, \$148,744, has been valued by the Authority and has been recorded as a short-term liability of \$14,874 and a long-term liability of \$133,870.

This space has intentionally been left blank.

Note 7 – EMPLOYEE RETIREMENT PLAN

A. General Information about the Pension Plan

Plan Descriptions – Public Employee Retirement System of Nevada (PERS) administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system. The system was established by the Nevada Legislature in 1947, effective July 1, 1948. The system is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earning capacities have been removed or substantially impaired by age or disability.

Additional information supporting the Schedule of Employer Allocations and the Schedule of Pension Amounts by Employer is located in the PERS Comprehensive Annual Financial Report (CAFR) available on the PERS website at www.nvpers.org under Quick Links – Publications.

Benefits Provided – Benefits, as required by the Nevada Revised Statutes (NRS or Statute), are determined by the number of years accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering the System on or after January 1, 2010, and July 1, 2015, as determined below in plan provisions. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on or after July 1, 2001, this factor is 2.67% of average compensation. For members entering the System on or after July 1, 2010, there is a 2.5% service time factor. For members entering the system on or after July 1, 2015, there is a 2.25% factor. The System offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Vesting – Regular members become fully vested as to benefits upon completion of five years of service. Members entering the system on or after July 1, 2015 are eligible for retirement at age 65 with five years of service, or at age 62 with ten years of service, or at age 55 with thirty years of service, or at any age with thirty-three and one third years of service. See the chart below for details regarding vesting prior to June 30, 2015.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit up to 90% of average compensation.

Note 7 – EMPLOYEE RETIREMENT PLAN (continued)

The Plans' provisions and benefits in effect at June 30, 2019, are summarized as follows:

	Prior to	Jan 1, 2010	On or after
	Jan 1, 2010	to June 30, 2015	Jul 1, 2015
Retirement age based on	60 after 10 years,	62 after 10 years,	55 after 30 years,
years of service	65 after 5 years,	65 after 5 years,	62 after 10 years,
	any after 30 years	any after 30 years	65 after 5 years,
			any after 33 1/3 years

Contributions – The authority for establishing and amending the obligation to make employer and member contribution rates, is set by statute. New hires, in agencies, which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. Contributions are shared equally by employer and employee. Employees can take a reduced salary and have contributions made by the employer (EPC) or can make contributions by a payroll deduction matched by the employer.

The System's basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

The system receives an actuarial valuation on an annual basis indicating the contribution rates required to fund the System on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Normal Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary.

For the fiscal year ended June 30, 2019 the Regular Statutory Employer/employee matching rate was 14.50%. The Regular Employer-pay contribution (EPC) rate was 28.00%.

For the year ended June 30, 2020, the contributions recognized as part of pension expense were as follows:

Contributions – employer	\$ 436,133
Contributions – employee	\$ 304,692

Note 7 – EMPLOYEE RETIREMENT PLAN (continued)

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

Pension Liability - The following table shows the Plan's proportionate share of the regular risk pool collective net pension liability over the measurement period ended June 30, 2019:

	Proportionate	
	Share of Net	Pool
	Pension Liability	Percentage
Balance at 6/30/18 – Measurement date	\$ 4,259,470	0.03123%
Balance at 6/30/19 – Measurement date	4,441,488	0.03257%
Total Net Change	<u>\$ 182,018</u>	0.00134%

The Authority's net pension liability (NPL) was measured as of June 30, 2019, and the total pension liability used to calculate the pension liability was determined by an actuarial valuation as of that date. The NPL of \$4,441,488 is measured as the proportionate share of the net pension liability of \$13,635,963,390 (or 0.03257%).

The employer allocation percentage of the net pension liability was based on the total contributions due on wages paid during the measurement period. Each employer's proportion of the net pension liability is based on the employer contributions relative to the total combined employer contributions for all employers for the period ended June 30, 2019.

Pension expense – As of June 30, 2020, the Authority recognized pension expense of \$277,277.

Deferred inflows/outflows - At June 30, 2020, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following:

	Oı	Deferred utflows of	Ir	Deferred of
	_ <u></u>	esources		esources
Pension contributions subsequent to measurement date	\$	436,133	\$	-
Differences between actual and expected experience		166,551		(128,109)
Changes in assumptions		180,750		_
Net differences between projected and actual earnings				
on pension plan investments		-		(220,948)
Adjustment due to differences between actual				
Contributions and proportionate share of contributions		653,198		(67,980)
Total	<u>\$</u>	1,436,632	<u>\$</u>	(417,037)

Note 7 – EMPLOYEE RETIREMENT PLAN (continued)

\$436,133 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021 (measurement period ended June 30, 2020). Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Measurement	Deferred				
Period	Outflows/inflows				
Ended June 30	of Resources				
2021	\$ 12,508	3			
2022	(84,276))			
2023	23,153	3			
2024	28,681	l			
2025	16,300)			
2026	1,878	3			
Thereafter		_			

Actuarial Methods and Assumptions Used to Determine Total Pension Liability – The System's net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Investment Rate of Return	7.50%
Inflation	2.75%
Productivity pay increase	0.50%
Projected Salary Increase	4.25% to 9.15% depends on service.
	Includes inflation and productivity
	increases

Actuarial assumptions used in the June 30, 2019 valuation were based on the results of the experience study for the period July 1, 2012 through June 30, 2016.

Discount Rate – The discount rate used to measure the total pension liability was 7.50% as of June 30, 2019. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions are intended to fund the service costs for future plan members and their beneficiaries are not included.

Note 7 – EMPLOYEE RETIREMENT PLAN (continued)

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2019.

The following was the Pension Board adopted policy target asset allocation as of June 30, 2019:

		Long-Term
	Target	Geometric Expected
Asset Class	Allocation	Real Rate of Return*
U.S. Stocks	42.0%	5.50%
International Stocks	18.0%	5.50%
U.S. Bonds	28.0%	0.75%
Private Markets	12.0%	6.65%
Total	100.0%	
Total	100.0%	

^{*}As of June 30, 2019, PERS's long-term inflation assumption was 2.75%.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the Authority's proportionate share of the net pension liability, calculated using the discount rate of 7.50 percent, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.50%) or 1-percentage point higher (8.50%) than the current discount rate:

	Current Discount								
	Discount Rate - 1%	Rate	Discount Rate +1%						
	(6.50%)	(7.50%)	(8.50%)						
Plan's Net Pension Liability	\$ 6,877,107	\$ 4,441,488	\$ 2,416,871						

Pension *Plan Fiduciary Net Position* – Detailed information about each pension plan's fiduciary net position is available in the separately issued PERS' Comprehensive Annual Financial Report, available on the PERS website at www.nvpers.org.

Note 8 – OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description – The Authority has established a Retiree Healthcare Plan (HC Plan), Nevada Rural Housing Authority Employee Health Benefit Plan (NVRHAEHBP), and administers a single-employer defined benefit retiree healthcare plan. Additionally, the Authority contributes to an agent multiple-employer defined benefit postemployment healthcare plan, Public Employees' Benefits Plan (PEBP). Each plan provides medical, vision, dental, and life insurance benefits to eligible retired Authority employees and beneficiaries. Benefit provisions for the NRHAEHBP are established pursuant to NRS 287.023 and amended through negotiations between the Authority and the respective associations. NRS 288.150 assigns the authority to establish benefit provisions to the Board of Commissioners. The plan provides healthcare insurance for eligible retirees and their beneficiaries through the Authority's group health insurance plan, which covers both active and retired members. The Authority implemented GASB No. 75 beginning with the fiscal year ending June 30, 2018.

Under NRS 287.023, eligible retirees are able to participate in the plan at the same premium rates as active employees. Retirees are required to pay 100% of their premiums under the plan. As of June 30, 2020, two retirees were using this plan. The NVRHAEHBP does not issue a publicly available financial report.

Authority employees who met the eligibility requirements effective September 1, 2008 for retirement within the Public Employee Retirement System had the option upon retirement to enroll in coverage under the PEBP. NRS 287.023 sunsetted the option to join PEBP for Authority employees who retired after December 29, 2008. Local governments are required to pay the same portion of cost of coverage for those persons joining PEBP that the State of Nevada pays for those persons retired from state service who have continued to participate in the plan. While PEBP is generally closed to Authority retirees after September 1, 2008, former employees covered by PEBP at the time of their retirement (through a subsequent employer) may join the plan and the Authority is assessed a portion of their cost.

The Authority's annual cost for the two retirees is projected to be less than \$1,000 in the fiscal year ending June 30, 2021, with an immaterial estimated long-term liability. This OPEB liability has not been recognized in these financial statements.

Note 9 – CONTINGENT LIABILITIES

Federal Grants

The Authority has received funds from various federal, state, and local grant programs. It is possible that at some future date it may be determined that the Authority was not in compliance with applicable grant requirements. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the Authority does not expect such disallowed amounts, if any, to materially affect the financial statements.

Note 9 – CONTINGENT LIABILITIES (continued)

Contingent Liability

For the following partnerships, the Nevada Rural Housing Authority (the Authority) has guaranteed performance regarding delivery of low-income housing tax credits, funding of operating deficits, and maintaining compliance with applicable provisions of Internal Revenue Code Section 42.

West Minor Street Associates, LLC	West Minor Street Associates II, LLC
Sunridge Fallon Associates, LLC	Southwood Associates, LLC
Desert Properties, LLC	Belmont Associates, LLC
Bristlecone Apartments Associates, LLC	Shadows Associates, LLC
Pinion Apartments, LLC	Jeanell Drive Associates, LLC

In addition, the Authority has guaranteed performance regarding repayment of permanent loans and payment of development fees for Southwood Associates, LLC under provisions of the same code. Failure to maintain compliance or to correct noncompliance within a specified time period could result in a default and create financial costs to the Authority. There are no outstanding faults that are probable in which the loss is estimable, which would be required to be accrued in these financial statements.

Note 10 – NET POSITION

Prior Period Adjustment

A prior period adjustment for NRHA totaling \$1,599,826 was made to increase beginning net position of the Authority. The adjustment was made to reflect the prior period revenue related to the note receivable for the Desert Properties. This note is due and payable from annual Net Cash Flow but only after the Company Admin fee is paid out annually. If the Company Admin fee exceeds \$13,590 in a year, then rents are to be reduced or the excess is to be returned to tenants or be used in a manner to best benefit the tenants. This stipulation ensures funds are not available to pay down the note.

Net position at July 1, 2019, as previously stated	\$ 11,499,258
Recognition of note receivable	
executed in the year ending June 30, 2019	 1,599,825
Net position at July 1, 2019, as restated	\$ 13,099,083

Removal of NHC

As of January 2019, NRHI was the fiscal sponsor for Nevada Housing Coalition (NHC) and would serve in that capacity until NHC received its 501c3 designation. In January 2020, NHC obtained its 501c3 designation at which point all funds were paid to the new entity which is not affiliated with NRHI.

Net position at July 1, 2019, as previously stated	\$ 640,252
Reversal of 2019 revenue	 (56,992)
Net position at July 1, 2019, as restated	\$ 583,260

Note 11 – SUBSEQUENT EVENTS

Management evaluated all activity of the Authority through the date of the audit opinion, the date on which the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

The Authority has received an additional \$289,123 in CARES Act Funds.

During the second half of 2020 Nevada Housing Division (NHD) awarded \$5,000,000 in Cares Housing Assistance Payment (CHAP) funds to the Authority. The Authority expended about half of the funds in 2020 and plans on expending the remaining funds in 2021. NHD is planning on awarding up to an additional \$14,800,000 in CHAP funds in 2021.

NEVADA RURAL HOUSING AUTHORITY NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS JUNE 30, 2020

- 1. The Schedule of Expenditures of Federal Awards presents the activities of federal award programs expended by the Nevada Rural Housing Authority (the "Authority"). The Authority's reporting entity is defined in Note 1 to the financial statements.
- 2. The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the Authority under programs of the federal government for the year ended June 30, 2020. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Authority, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Authority.
- 3. The Schedule of Expenditures of Federal Awards is presented on the accrual basis of accounting. This is the same method of accounting as was used in the preparation of the Authority's basic financial statements.
- 4. The Authority did not pass-through any federal awards to subrecipients during the fiscal year ended June 30, 2020.
- 5. Per compliance requirements, the \$2,272,411 of Rural Rental Assistance Program (CFDA #10.427) expenditures include the balance of the debt (\$1,485,432) outstanding at June 30, 2020.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners Nevada Rural Housing Authority Carson City, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of the Nevada Rural Housing Authority (the Authority), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated February 4, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2020-001 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests did not disclose instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Authority's Response to Findings

Authority's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Authority's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Commissioners Nevada Rural Housing Authority Carson City, Nevada

Report on Compliance for Each Major Federal Program

We have audited the Nevada Rural Housing Authority's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended June 30, 2020. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Authority's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Authority's compliance.

Opinion on Each Major Federal Program

In our opinion, the Authority, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control over Compliance

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose

of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the business-type activities and aggregate discretely presented component unit of the Authority, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements. We issued our report thereon dated February 4, 2021, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

NEVADA RURAL HOUSING AUTHORITY STATUS OF PRIOR AUDIT FINDINGS JUNE 30, 2020

The previous audit report for the year ended June 30, 2019, contained no audit findings.

NEVADA RURAL HOUSING AUTHORITY SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2020

Section I - Summary of Auditors' Results

Financial Statements

Type of auditors' report issued: unmodified

Internal control over financial reporting:

Material weaknesses identified?

Reportable conditions identified not considered material weaknesses? none reported

Noncompliance material to financial statements?

Federal Awards

Internal control over major programs:

Material weaknesses identified?

Reportable conditions identified not considered material weaknesses? none reported

Type of auditors' report issued on compliance for major programs: unmodified

Any audit findings disclosed that are required to be reported in

accordance with 2 CFR Section 200.516?

Identification of major programs:

Housing Voucher Cluster:

Section 8 Housing Choice Vouchers 14.871
Mainstream Vouchers 14.879

Dollar threshold to distinguish between Type A and Type B programs \$750,000

Auditee qualified as low risk auditee? yes

Section II - Financial Statement Findings

<u>Finding 2020-001</u>: During the year management found that a prior period adjustment was required for Nevada Rural Housing Authority (NRHA). An NRHA note receivable (\$1,599,826) which was executed during the year ended June 30, 2019, had not been recorded in the prior year.

<u>Recommendation: 2020-001</u>: We recommend that the management create and implement policies and procedures to evaluate the completeness of long-term assets and liabilities, especially for non-cash transactions, such as reviewing monthly minutes during month-end closing procedures to ensure the recording of each material transaction, and to evaluate the rights and obligations of transactions entered into during the year.

<u>Management Response: 2020-001:</u> Management has implemented procedures to ensure non-cash transactions are booked in a timely manner. A task has been added to the monthly check list as well as the balance sheet reconciliation process has been updated to include reconciliation with the property financials.

Section III - Federal Award Findings

n/a
