Instructions For Certification of Zero Income

1. A certification of zero income is only allowable after all other avenues of documenting income eligibility have been exhausted and documented is kept in the client file. A certification of zero income must be filled out for every household member (18 years and older) applying for the weatherization program who claims they do not receive income.
2. A certification of zero income must be completed and signed for each household member with an explanation for having no income and how they are meeting their basic living expenses. If the money is paid by another party and is given to them on a reoccurring basis, it is considered income and must be counted as such. If their basic living expenses are paid directly to a utility, grocery, landlord, etc. it is not considered income and is not counted as income.
3. The certification of zero income **MUST** be notarized.

WEATHERIZATION ASSISTANCE PROGRAM
NOTICE OF RIGHTS AND OBLIGATIONS

IN APPLYING FOR AND RECEIVING WEATHERIZATION ASSISTANCE, I UNDERSTAND AND AGREE TO THE FOLLOWING:

1. A complete application packet must be on file with the local agency and deemed eligible for assistance to be provided.
2. I authorize the examination of all employment/income, utility/fuel and other records pertinent to my application for weatherization assistance.
3. No disclosure of any information obtained by a representative of the Weatherization Assistance Program will be made directly or indirectly. Such information will be utilized only in the furtherance of the Weatherization Assistance Program.
4. The weatherization work to be performed is being paid for with federal and state funds and at no cost to me.
5. As the owner/authorized agent, I authorize access to my residence as necessary to perform needed weatherization activities including the final inspection. If I do not allow access to the property for the final inspection, I am aware I will be financially responsible for reimbursing the State for all materials and labor.
6. I agree to report any changes in household size, income or other information relevant to receiving weatherization assistance that occur after my application is filed and prior to the receipt of such assistance.
7. If I have been declared eligible but have not received weatherization assistance within 12 months of the original application, I will be asked to resubmit current income and other household information.
8. No person will be denied weatherization assistance or be discriminated against because of race, color, national origin, age, sex, handicap, political beliefs or religion. If I believe I have been discriminated against, I understand I may call or write the local agency administering the Weatherization Assistance Program. If the issue cannot be resolved at the local level, I understand I may write Nevada Housing Division, Weatherization Program, 1830 College Parkway, Suite 200, Carson City, Nevada 89706.
9. Workmanship on all materials installed is warranted for 90 days from the date that weatherization work was certified being completed on the Building Weatherization Report.
10. Should I have any complaints or questions regarding the action taken relative to my application or the work performed on my residence, I understand I must try to resolve with the local agency I originally applied with. The complaint must be received by the local agency responsible within 30 days from the date of the incidence or date of completion.
11. If I am unable to resolve any issues at the local agency level, I understand I have the right to request a review by the Nevada Housing Division (NHD) by submitting a Client Grievance Form obtained from NHD and must be filed within 60 days from the date of the local agency's response on my complaint.
12. The residence is not eligible for weatherization assistance if the property is currently on the market for sale.
13. In the event the property is listed or sold within 1 year of weatherization, I am aware I may be financially responsible for reimbursing the State for materials and labor.
14. After completion of weatherization on my residence, I am aware the residence is no longer eligible for additional weatherization assistance for the period specified by the regulations governing the Weatherization Assistance Program.
15. If the property in which I reside is subject to a Home Owners Association, I am responsible to provide written approval from the Association representative to the local agency prior to commencement of work for any measures that require the Home Owners Association approval.
16. I will receive a Scope of Work for any weatherization work planned for my home and must approve by signing. I am aware that the work performed may change as deemed necessary depending on unforeseen conditions observed on site.

MY SIGNATURE BELOW INDICATES I UNDERSTAND AND HAVE RECEIVED A COPY OF THE RIGHTS AND OBLIGATIONS AS AN APPLICANT FOR THE STATE WEATHERIZATION ASSISTANCE PROGRAM.

WEATHERIZATION SERVICE AGREEMENT FORM

_____, the Subgrantee, wishes to provide weatherization services to your tenant's home(s) located at the address(es) listed below:

LAST NAME	FIRST NAME	ADDRESS	CITY	ZIP

In order to provide weatherization assistance, we need you to agree to the following conditions:

- a. Give the Subgrantee and Contractor permission to enter and provide services to the address(es) listed above. We will schedule the work at the tenant's convenience.
- b. For one year, you will not raise the rent of the subject unit(s) because our repairs have increased the value of your property. This agreement does not interfere with your right to raise the rent for normal rent adjustments.
- c. You will not evict tenant(s) to void your agreement to (b). This agreement does not interfere with your right to evict tenant(s) for normal reasons.
- d. The above mentioned property is neither for sale, in foreclosure, nor anticipated to be sold in order to void your agreement to (b) and (c) above.
- e. The above mentioned property has not been designated for acquisition or clearance by a federal, state or local program within twelve (12) months from the date the weatherization work is scheduled to be completed.
- f. In the event you fail to comply with items (b), (c), and (d) above, you will be financially responsible for reimbursing the Subgrantee for the materials and labor invested at the above address(es).
- g. This form must be signed and returned to the above-referenced Subgrantee in the timeframe they require or within two (2) weeks from the date the Subgrantee mailed the form to the Owner(s).
- h. Owners of rental properties, **excluding single family and mobile homes**, receiving services through the Weatherization Assistance Program (WAP) must contribute a minimum of 50% toward any capital improvements made to their properties related to repairs or replacement of the following: heating or cooling systems, water heaters, insulation (roof, attic, sidewall, floor, duct) and window replacement. (Owner contribution for repair items, **not replacement items**, is only required if the total repair cost to the capital improvement item(s) is \$2,000 or more.) This contribution will be paid directly to the WAP Contractor. A detailed Contractor estimate will be provided to the Owners by the Contractor who will perform the work. This Owner contribution will be contracted and agreed upon directly with the Contractor prior to any work commencing.

By signing below, you agree to comply with all of the conditions stated above.

Signature of Owner: _____ / /

- i. **If Owner elects not to pay the 50% contribution for the capital improvements only eligible repair work below \$2,000 will be done on capital improvement items without replacement of any item and only non-capital measures installed. NOT APPLICABLE TO SINGLE FAMILY AND MOBILE HOME RENTALS.**

By signing below, you elect not to pay the required amount and only have eligible repair work below \$2,000 completed on any capital improvement items and non-capital measures installed. No capital improvement items will be replaced.

Signature of Owner: _____ / /

Signature of WAP Contractor: _____ / /

Signature of Subgrantee's Representative: _____ / /

NOTE: Per NRS 118A.290, "The landlord shall at all times during the tenancy maintain the dwelling unit in a habitable condition."

Deferral Standards

Deferral may be necessary if Health and Safety issues cannot be adequately addressed. The decision to defer work in a dwelling is difficult, but necessary in some cases. This does not mean that assistance will never be available, but that work must be postponed until the problems can be resolved and/or alternative sources of help are found. In the judgment of the auditor, any existing conditions that may endanger the health and/or safety of the workers or occupants may cause weatherization to be deferred. Deferral may also be necessary where occupants are uncooperative, abusive, or threatening. Subgrantee staff and contractors, are expected to pursue reasonable options, including referrals and to use good judgment in dealing with difficult situations.

Subgrantees use NV WAP's Deferral Form for such situations. The form must be filled out completely and contain a clear description of the problem, conditions under which weatherization could continue, the responsibilities of all parties involved, and the client's signature indicating that they understand and have been informed of their rights and options. Deferral conditions may include:

1. The client has known health conditions that prohibit the installation of insulation and other weatherization materials.
2. The building structure or its mechanical systems, including electrical and plumbing, are in such a state of disrepair that the conditions cannot be resolved within these guidelines and at reasonable costs, i.e. repairs are beyond incidental.
3. The house has sewage or other sanitary problems including pet/animal excrement that can't be corrected through weatherization and would further endanger the client and weatherization installers if weatherization work were performed.
4. The house has been condemned or electrical, plumbing, or other equipment has been "red tagged" by local or state building officials or utility companies and weatherization funds are not sufficient or corrective measures are not allowable costs.
5. Moisture or potential moisture problems, as discussed above, that cannot be resolved under existing health and safety guidelines and with minor repairs.
6. Dangerous conditions in the home due to high carbon monoxide levels in combustion appliances or their venting which cannot be resolved under existing health and safety guidance. Subgrantees should take immediate action to ensure the appliance is not used, including instructing the client to contact a combustion appliance repair/replacement specialist.
7. The client is uncooperative, abusive, or threatening to WAP Staff or contractors.
8. The extent and condition of lead-based paint or any other identified hazardous condition in the house that could potentially create further health and safety hazards.
9. Pest infestation that cannot be reasonably removed or poses health concerns for workers.

10. In the judgment of the energy auditor, any condition exists which may endanger the health and/or safety of the work crew or subcontractor
11. Homes with conditions that have the potential to create a health concern requiring more than incidental repair should be deferred.

Code Compliance Issues

Correcting existing code violations in a dwelling is not allowed unless the code corrective action is required because of the installation of a weatherization measure. State and local (or authority having jurisdiction) codes must be followed when installing weatherization measures.

Condemned properties and properties where "red tagged" health and safety conditions cannot be corrected under these health and safety standards should be deferred. Code corrections that are required because of weatherization but are not a direct component of a weatherization measure are to be charged as H&S expenses.

My signature below indicates I understand and have received a copy of the Deferral Standards & Compliance Code Issues as an applicant for the state Weatherization Assistance Program.

Animal Restriction and Health Hazard Compliance Agreement

Resident Name: _____

Address: _____

During the time that weatherization crews are at work on your property, we request that all animals be restrained and all debris from the animals be cleaned up, as well as any direct health related issues corrected to prevent any injury and/or health hazards to workers. This will also eliminate any unnecessary damage or confusion that may arise because of unrestrained animals leaving the property while the weatherization work is being completed.

This agreement releases the Nevada Housing Division, and its sub-grantees and any sub-contractors or workers from any liability. Please note that in the event you, the occupant, do not comply with this agreement, the Nevada Housing Division, and any of its agents may exercise the right to walk-away and withdraw your application from the project.

Thank you,

What's Next?

Here is What You Can Expect Before, During and After Services

1. **Application:**

- a. If you submit a fully completed application with all required documentation, you can expect an Eligibility Specialist to determine your eligibility within one week.
- b. If you submit an application **without** all required documentation or not filled out completely, you will be given 2 chances to respond to our request letters that we send you via USPS mail with 10 day deadlines.

2. **Eligibility:**

- a. Once your application is complete and eligibility has been determined, you will receive a notice letter in the mail with approval or denial details.
- b. If denied, your application is good for one year and can follow up with us if your circumstances change.
- c. If approved, congratulations, there is nothing more for you to do at this point. We will be calling you and scheduling an appointment for a Weatherization Specialist to come to your home and perform an Energy Audit to determine what measures we will be able to install in your home.

3. **Ready for Assessment:**

- a. Your place in line and the time it takes for us to call you to get you on schedule for our assessment depends on the number of points you were assigned. These are called **priority points**. These points are accumulated using different variables per household and are set by the Weatherization Assistance Program (WAP).
- b. We generally like to get to your home within 6 months, but could possibly take longer depending on contractor availability. If you have been waiting for at least 9 months, the system will grant you 15 points and move you closer to the front of the line. You are welcome to check in with us at any time for updates.

4. **Assessment:**

- a. Once you are next in line, we will call you to get you on schedule for an assessment with one of our Energy Auditors from Nevada Rural Housing. You can expect the assessment to take 3-5 hours. Our Auditor will sit with you and explain the process of the audit and any paperwork that needs to be signed.
- b. Once we have all the forms we need signed, the Energy Auditor will be taking pictures of inside and outside the home, the heating and cooling system, water heater, attic insulation (he will need access to the attic access in the home), measure windows and look for safety hazards. A blower door will be performed. This consists of a large fan that is placed in the front door that will push outside air into the home to pressurize the home. This will help the Auditor determine where any exfiltration leaks are that can be repaired.
- c. Please be advised that the Auditor will need access to **every room** in the home to properly perform the assessment. If access is denied to any room, the Auditor will not be able to perform the assessment and will have to reschedule the appointment.
- d. **Pets must also be crated.** The front door will have to remain open for a short period of time and we would not want any indoor pets to get out. Also, we have had problems with some pets interfering with the assessment. If any and all pets are not properly secured, the Auditor **will not** perform the assessment and will have to return at a later date. At that point you, the client, will be put back in the priority line and given another appointment when your turn arrives.

5. **Contractor:**

- a. Once the Energy Auditor has completed the assessment, a Scope of Work will be generated and sent to the Contractor for an estimate. At this point, the Contractor will send someone to your home to evaluate

the items on the Scope of Work and send the Auditor an estimated cost of all the weatherization measures requested.

- b. The Auditor will then enter these measures into a program that will determine what is called an SIR (savings to investment ratio). The measures installed must pay for themselves in energy savings over a period of time.
- c. The approved estimate will be signed and sent back to the contractor, the contractor will then make an appointment with you to begin installation of the approved measure. The contractor will normally have 30 days to make sure all approved measures are installed in your home and to your satisfaction.

6. Final Inspection:

- a. Once the contractor has completed each install, a Quality Control Inspector for NRH will schedule an appointment with you to make sure all measures are installed correctly. At this time pictures of each measure will be taken and if all is according to the Weatherization Assistance Programs standard, the QCI will get a signature from you stating all measures were installed correctly and to your satisfaction.
- b. The process is now considered complete and you can now enjoy a lower energy bill and be safer and more comfortable in your home.
- c. There is a possibility that NHD (Nevada Housing Division) will want to do an inspection as well. This is to ensure that you, the client, received all possible measures and that measures were installed correctly. This is normally not done but could come about.

7. After work is complete, you will be able to re-apply for weatherization in 5 years to reassess the home.
